Ok. Thanks for letting me know.

I think schedules are a little full for folks next week on the EPA side, so I think we will probably have to proceed with May 23rd. I can coordinate something between you and the crew next week or the week of 5/28 if you think it would be useful. Just let me know.

Thx
 Dan

Good Afternoon,

With work at the USS Lead Site fast approaching, we wanted to schedule a time to meet with you and provide an update to our introductory meeting in March regarding the work in Zone 2. At present, work in Zone 2 is anticipated to begin on May 29th. Just as an additional FYI, work in Zone 3 is anticipated to begin on May 14th.

I would like to propose that we meet on Wednesday, May 23rd at 10:00AM. We will hold this meeting at the former Carrie Gosch Elementary School. Please let me know if you have any conflicts with this date or time. If there are no conflicts, I will send out a calendar invite to lock this down in everyone's calendar.

Thx
Dan
